True worth is the only true bargain. The best article you ever bought was the best value you ever got. E. Smith & Co. are making clothes move these days. Let what you buy be good; but if it be good and also cheap, then you have secured the utmost of economy.

There is a treat in store for those women who have not worn a pair of the famous Queen Quality shoes. Beauty, ease and service are their distinguishing features. Styles for all uses and occasions, street dress and outing, made of the most fashionable leathers, in the very latest shapes. Always one price. Sold only in Paw Paw at Selick's Queen Quality shoe agency.

Our New Mail and Train Service.

For it we owe a debt of thanks and gratitude to seven business men of Paw Paw. At the first notice of the change of time on the P. M., which has caused so much disgust, these gentlemen were asked to get together and devise some method to get back a better service. They went to work promptly, acted persistently and in a gentlemanly way. A carefully worded letter was formed and sent to the officials of the P. M. railroad. The answer received was not altogether satisfactory, but it led up to the meeting of last week, the result of which is evidenced by the new time card which went into effect July 22.

These seven gentlemen and business men met the officials of the P. M., who also was a gentleman, and he expressed himself as greatly pleased by the reception he met with at the hands of the committee. By this meeting Paw Paw and its business affairs are now better understood by the P. M. officials, who will no doubt give us better service in all branches, plenty of cars to ship our products and a mail and train service that will be satisfactory to all. Our watch word can well be, "Go west to Chicago; if you do, go by the Pere Marquette, as its accommodations are first class. "Go east to Detroit; go by the P. M., as its rates are the same as by the M. C.; do this as far as is consistent with one's business, and by this method hold the good will of the great system of the P. M. R. R.

Gentlemen of this committee, you have the heartfelt thanks of all Paw Paw. You acted wisely and well.

Paw Paw Wins.

Paw Paw went to Bloomingdale, Friday, and had the game as good as won when a little shower in the seventh inning drove the players from the field. Following is the score:

Score by innings: 1 2 3 4 5 6 7 8 9—R
Paw Paw, 0 0 0 0 0 0 0 1 0—1
Bloomingdale, 0 0 0 1 0 0 0 0 0—1

Struck out by Sanger—7; by Sage—8. Two base hits—Showerman 1, Toley 1. Double play—Reese to J. Sage. Pass balls—Bogden 1.

Bloomingdale played a return game here Tuesday, and were defeated in a pitcher's battle. The only unsatisfactory feature was the fact that Paw Paw won the game without a hit, an unearned run being let in by the only two errors made by Bloomingdale—a couple of wild throws to bases. The teams were very evenly matched, and the next game is awaited with interest. Following is the score:

New Torpedo Boat.

The Erne, the first of the type of torpedo boats designed since those of the Cobra class, which has a tendency to break in two in the middle, is just launched on the Tyne. She has a forecastle instead of a turtle deck and is of greater displacement than the older class. The speed is 25½ knots.

Mystery of "Sleeping Sickness."

The "sleeping sickness" prevalent along the shores of the Victoria Nyanza has been investigated by Dr. Christy of the Liverpool school of tropical medicine and found to be caused not by filaria in the blood, as was supposed, but by a minute bacillus. The disease is not infectious in the ordinary sense of the word. It is raging in South Kafirland and along the Nyanza, where in the villages 50 to 75 per cent of the people suffer from it. It exhibits no disposition to spread far from the shores of the lake.

The Battle Ground of Modern Thought.

The Chicago Record-Herald has conceived the unique idea of assigning a page of its Sunday edition to the public for the free discussion of important questions of the day. Under the head "The Battle Ground of Modern Thought" an opportunity is offered to the public for the same discussion of all problems engaging the attention of the American people. Writers of ability present their views on subjects not generally treated in the daily press, and Record-Herald readers generally are invited to join the debate. The fairest, most forceful and original contributions are published. The following are a few of the subjects which have been discussed since this department was first established:

"Is Blacklisting Within the Law?"

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail.

Free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
